## JT formerly of Rated R Now Represented by Diamant Entertainment Group

COLUMBUS, OH Diamant Entertainment Group has added Columbus, OH based R&B recording artist JT to its roster of managed and represented clients. After spending several years as a member of national recording artist RATED R and traveling all over the world opening for artists such as *Usher*, *Janet Jackson*, *Wu-Tang*, *Blackstreet*, *Dru Hill* and *Boyz II Men*, JT has set out on his own with his new single "Rollin". His strong and smooth tenor voice and vocal style recall influences of *Gerald Levert*, *The Temptations*, *R Kelly* and others.

Diamant CEO *Robert Williams*, who is personally managing JT's career along with *Kizzy Black*, states "In an industry known for artists that come and go, JT is set to earn himself a spot in R&B music history. He understands what true R&B music is. We are very excited to work with him to help continue the influence and importance of this genre to our culture and to the world." "We will also be positioning him for roles in television and film" Mr. Williams adds. When asked about his decision to join the ranks of Diamant's managed clients JT stated "Good management is a crucial asset to anyone's career and with Robert I felt a connection and chemistry in his passion for music and I had to follow my instinct."

JT is available for domestic and international club and concert dates as well as interviews and collaborations. He is currently promoting his new hit single "Rollin". See the video at the links below.
